Novell GroupWise® 2012 SP2

Out of the Box Today:

Standards Based Interoperability

Use current standards to the maximum extent possible

- SMTP and iCal for mail and calendaring via GWIA
- Internet Free Busy (IFB) for Free Busy
- LDAP for Address book synchronization
- Calendar Publishing
- vCard Support and Emailing Contacts

© Novell, Inc. All rights reserved.

Novell GroupWise® 2012 SP2

New Add-on for SP2: GroupWise/Exchange Co-existence

Replaces previous technologies like the Exchange gateway

- No new GroupWise agents/servers to deploy
- Provides System Address Book synchronization between GroupWise and Exchange
- Provides seamless Free/Busy access between GroupWise and Exchange
- Requires GroupWise 2012 SP2 (Clients and Agents) and Exchange 2010 with latest Support Packs
- Requires GroupWise component to be installed on each Exchange/IIS Server to facilitate Free/Busy from Outlook to GroupWise

© Novell, Inc. All rights reserved.

Novell® Beta Program Benefits
